SUMMARY

As a highly motivated and detail-oriented Front-End Web Developer with over 2 years of experience in website development, I am passionate about creating visually appealing and user-friendly websites that provide an enjoyable user experience. I possess a keen eye for photography and videography, as well as marketing skills, which have helped me effectively present and promote products to an audience. With a diverse set of technical skills and experience in computer repair, I am able to tackle a wide range of IT-related tasks. Proficient in Adobe Creative Suite and Flutter programming language, I am always looking to stay up-to-date with the latest technologies and industry trends.
